

3) Power Point Presentation: Priest of Forpughi welcomes Tunisian migrants, but he is massacred and robbed

The students' work concerns a piece of news entitled "Priest of Forpughi welcomes Tunisian migrants but is massacred and robbed".

The students describe the steps that led them to understand that it was a fake news. They used the analysis of the text, the image used, the geographical search for the places mentioned and the search for the reliability of the website on which it was published.

Furthermore, the students analyzed the type of fake news, the type of persuasion mechanisms and the reasons that plausibly led the authors to create this fake news.
